

Ductless heat pumps

IDAHO PROGRAM OVERVIEW

Make the move to a ductless heat pump (DHP) and earn cash back on your purchase. It's a simple upgrade that's far more efficient than baseboard and wall heaters. Enjoy savings of up to 50% on your heating and cooling costs with no invasive ductwork. Installation is both easy and affordable.

REBATE INFORMATION

Rocky Mountain Power makes it simple to save on high efficiency heat pumps. Whether you have a permanently installed electric resistance heating system, natural gas or propane heated home, there are rebates available to you. We offer rebates for single-head, multi-head and ductless heat pumps for supplemental heat. Using energy wisely contributes to a sustainable energy future and helps keep electricity prices low.

DUCTLESS HEAT PUMP PROGRAM REQUIREMENTS

Applicable for electric homes

- A minimum 8.1 HSPF2 (Heating Seasonal Performance Factor) and 16 SEER2 (Seasonal Energy Efficiency Ratio) are required.
- Work must be completed by a **program-participating HVAC contractor**.
- Heating oil, wood heating, pellet stoves, and propane system conversions do not qualify. A supplemental heating rebate is available for gas-heated homes.
- Ductless heat pump must be installed according to the specifications outlined in the **Idaho Technical Specifications Manual**.
- Ductless heat pump must be a new AHRI* rated ductless (mini-split) system and must be listed on the AHRI Certified Directory: **AHRIDirectory.org**.
- Ductless heat pump must employ an inverter-driven outdoor compressor unit and a variable speed fan for indoor blower and be fully ductless.

Single-head and Multi-head DHPs additional requirements

- Previous primary heat source must have been electric resistance heating system (e.g., electric furnace, electric ceiling/wall heat) serving at least 80% of the home's conditioned living space.
- Incentive is not offered to customers replacing an existing heat pump.

Supplemental DHPs additional requirements

- Gas and propane heated homes qualify for a supplemental rebate when using a ductless heat pump system for bonus rooms, additions, or under-conditioned spaces.
