SUBMITTING REBATES

Rebate applications are submitted via the Rocky Mountain Power Rebate Portal. Customers may apply for the rebate on their own, or trade allies can submit rebate applications on behalf of the customer.

What is needed to apply for a rebate?

- A completed invoice that includes:
  - o Model/serial numbers
  - o Cost for the installation
  - o AHRI number when applicable
- When submitting on behalf of a customer, trade allies will also need a copy of the customer's Rocky Mountain Power bill, containing:
  - o Customer's address
  - o Customer's Rocky Mountain Power account number

ROCKY MOUNTAIN POWER.
POWERING YOUR GREATNESS

At Rocky Mountain Power, we make it simple for customers to save on high-efficiency equipment for their homes. Whether they are looking to lower energy costs or shrink their environmental footprint, we have programs that offer significant benefits.

As a Rocky Mountain Power enrolled trade ally, you can help customers with various rebates as they are considering home upgrades. By promoting qualifying equipment, you have access to rebates as well. Using energy wisely contributes to a sustainable energy future and helps keep electricity prices low.

QUALIFICATIONS

For you and your customers to take advantage of available rebates, you must be enrolled as a trade ally in the Rocky Mountain Power Wattsmart Homes Program. Rebates are only given to Rocky Mountain Power customers if they use an enrolled trade ally.
